**Click on Zone 0 and Praha so your Pass is Valid in the whole Prague OPB area**

**After that you can Successfully make the Payment (550 CZK pass valid to be used in Tram, Metro, Train, Bus and Ferry in OPB Area)**

**3- Pass Activation:** After the Payment you should be directed again to the litacka app, your pass is a QR code, The validity of a ticket can be verified by a QR code, NFC, or a visual check of varying patterns.

The QR code has you name and Age, and how many days you have remaining since the purchase of the pass, Please note that it cannot be used for two people (risk to pay 1500 czk fine when inspection)

## When does a ticket start to be valid?

The application also provides the possibility of activating a ticket for a specific time, a ticket validity start is selected directly in the application when activating it, that is 2 minutes the soonest after the activation and no later than 24 hours after the activation.

### **Can I active more tickets at the same time?**

From one user account, it is possible to activate and use more tickets at once, for instance for your fellow travellers. Tickets are presented during check-in to loading separately.

## Tickets/Pass controls

Once you purchase your online or paper pass you do not need to validate it or stamp it every single time while using the public transport.

While travelling by tram, metro or bus you can be asked to show your transportation card or ticket by an inspector wearing the sign featured below. Please note that you are obliged to carry your transportation ticket with you at all times.

In case you encounter any difficulties, please contact a member of the ECCEDU Team.
